| For further information as to what is covered under each heading and the Early Learning Goals, please see below | | | | |

| Short Block | Units | Early Learning Goals | Development Matters statements |
|---------------|-------------------|--------------------------------------------------|----------------------------------------------------------------------------------------------|
| Understanding | Counting and | 11.1 Have a deep understanding of number to | Count objects and actions. Subitise. Link a numeral with its cardinal number value, to 5 and |
| Number | naming numerals | 10, including the composition of each number. | beyond. Compare numbers. |
| | | 11.2 Subitise (recognise quantities without | |
| | | counting) up to 5. | |
| | | 12.1 Verbally count beyond 20, recognising the | |
| | | pattern of the counting system. | |
| | Ordering numbers; | 11.1 Have a deep understanding of number to | Count objects, actions and sounds. Link the number symbol (numeral) with its cardinal number |
| | sequencing | 10, including the composition of each number | value. Compare numbers. |
| | | 12.1 Verbally count beyond 20, recognising the | |
| | | pattern of the counting system. | |
| | | 12.2 Compare quantities up to 10 in different | |
| | | contexts, recognising when one quantity is | |
| | | greater than, less than or the same as the other | |
| | | quantity. | |

| Shapes and | Exploring and | N/A | Select, rotate and manipulate shapes in order to develop spatial reasoning skills. Continue, |
|--------------|----------------------|-------------------------------------------------|----------------------------------------------------------------------------------------------|
| Patterns (A) | playing with | | copy and create repeating patterns. |
| | symmetry | | |
| | | | |
| | Exploring repetitive | None, but the key mathematical topic of pattern | Continue, copy and create repeating patterns. |
| | patterns | is covered, as in Development Matters. | |
| | | | |

| Short Block | Units | Early Learning Goals | Development Matters statements |
|-------------|-------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| How many? | Count 'How many?'; match one-to-one | 11.1 Have a deep understanding of number to 10, including the composition of each number. 11.2 Subitise (recognise quantities without counting) up to 5. 12.1 Verbally count beyond 20, recognising the pattern of the counting system. 12.2 Compare quantities up to 10 in different contexts, recognising when one quantity is greater than, less than or the same as the other quantity. | Count objects and actions. Subitise. Link a numeral with its cardinal number value, to 5 and beyond. Compare numbers. |
| | One more and one less, up to 12 | 11.1 Have a deep understanding of number to 10, including the composition of each number 11.2 Subitise (recognise quantities without counting) up to 5. 12.1 Verbally count beyond 20, recognising the pattern of the counting system. 12.3 Explore and represent patterns within numbers up to 10, including evens and odds, double facts and how quantities can be distributed equally. | Count objects, actions and sounds. Subitise. Link the number symbol (numeral) with its cardinal number value. Understand the 'one more than/one less than' relationship between consecutive numbers. Explore the composition of numbers to 10. |

| Time | Introducing time | 11.1 Have a deep understanding of number to | Count objects and actions. Compare numbers. Count beyond ten. |
|------|------------------|--------------------------------------------------|---------------------------------------------------------------|
| | | 10, including the composition of each number | |
| | | 12.1 Verbally count beyond 20, recognising the | |
| | | pattern of the counting system. | |
| | | 12.2 Compare quantities up to 10 in different | |
| | | contexts, recognising when one quantity is | |
| | | greater than, less than or the same as the other | |
| | | quantity. | |

| Short Block | Units | Early Learning Goals | Development Matters statements |
|--------------------|-------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------|
| Number and Sets | Partitioning to create number bonds | 11.1 Have a deep understanding of number to 10, including the composition of each number. 11.3 Automatically recall (without reference to rhymes, counting or other aids) number bonds up to 5 (including subtraction facts) and some number bonds to 10, including double facts. | Explore the composition of numbers to 10. Automatically recall number bonds for numbers 0– 10. |
| | | numbers up to 10, including evens and odds, double facts and how quantities can be distributed equally. | |
| | Recording number bonds | 11.1 Have a deep understanding of number to 10, including the composition of each number. 11.2 Subitise (recognise quantities without counting) up to 5. 11.3 Automatically recall (without reference to rhymes, counting or other aids) number bonds up to 5 (including subtraction facts) and some number bonds to 10, including double facts. 12.3 Explore and represent patterns within numbers up to 10, including evens and odds, double facts and how quantities can be distributed equally. | Subitise. Explore the composition of numbers to 10. Automatically recall number bonds for numbers 0–10. |

| Short Block | Units | Early Learning Goals | Development Matters statements |
|----------------------------|-----------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------|
| Comparison and Measures | Comparing lengths | 11.1 Have a deep understanding of number to 10, including the composition of each number. 11.2 Subitise (recognise quantities without counting) up to 5. 12.1 Verbally count beyond 20, recognising the pattern of the counting system. 12.2 Compare quantities up to 10 in different contexts, recognising when one quantity is greater than, less than or the same as the other quantity. | Count objects and actions. Compare numbers. Compare length, weight and capacity. |
| | Comparing measures directly | 12.1 Verbally count beyond 20, recognising the pattern of the counting system.12.2 Compare quantities up to 10 in different contexts, recognising when one quantity is greater than, less than or the same as the other quantity. | Count objects and actions. Compare numbers. Compare length, weight and capacity. |

| Shapes and | Counting in 2s; | 11.1 Have a deep understanding of number to 10, | Count objects, actions and sounds. Count beyond ten. Continue, copy and create repeating |
|--------------|------------------|-------------------------------------------------|------------------------------------------------------------------------------------------------|
| Patterns (B) | odd/even | including the composition of each number | patterns. |
| | numbers | 12.1 Verbally count beyond 20, recognising the | |
| | | pattern of the counting system. | |
| | | 12.3 Explore and represent patterns within | |
| | | numbers up to 10, including evens and odds, | |
| | | double facts and how quantities can be | |
| | | distributed equally. | |
| | Exploring and | 11.1 Have a deep understanding of number to 10, | Select, rotate and manipulate shapes in order to develop spatial reasoning skills. Compose and |
| | playing with 2-D | including the composition of each number. | decompose shapes so that children recognise a shape can have other shapes within it, just as |
| | shapes | | numbers can. |

| Short Block | Units | Early Learning Goals | Development Matters statements |
|---------------|--------------|---------------------------------------------------------|----------------------------------------------------------------------------------------------|
| Understanding | Counting and | 11.1 Have a deep understanding of number to 10, | Count objects and actions. Subitise. Link a numeral with its cardinal number value, to 5 and |
| Number | estimating | including the composition of each number. | beyond. Count beyond 10. Compare numbers. Understand the 'one more than/one less than' |
| | | 11.2 Subitise (recognise quantities without counting) | relationship between consecutive numbers. |
| | | up to 5. | |
| | | 12.1 Verbally count beyond 20, recognising the pattern | |
| | | of the counting system. | |
| | | 12.2 Compare quantities up to 10 in different contexts, | |
| | | recognising when one quantity is greater than, less | |
| | | than or the same as the other quantity. | |
| | Order and | 11.1 Have a deep understanding of number to 10, | Count objects and actions. Subitise. Link a numeral with its cardinal number value, to 5 and |
| | compare | including the composition of each number. | beyond. Compare numbers. Understand the 'one more than/one less than' relationship between |
| | numbers | 11.2 Subitise (recognise quantities without counting) | consecutive numbers. |
| | | up to 5. | |
| | | 12.2 Compare quantities up to 10 in different contexts, | |
| | | recognising when one quantity is greater than, less | |
| | | than or the same as the other quantity. | |

| Position and | Where is it? | N/A | Select, rotate and manipulate shapes in order to develop spatial reasoning skills. |
|--------------|--------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------|
| Time | Time | 'Understanding the World' links to be made, as well as pre-requisite skills for telling the time in Y1. Links loosely also with ELGs 11.1 and 12.2. | N/A |

| Short Block | Units | Early Learning Goals | Development Matters statements |
|-----------------|--------------|---------------------------------------------------------|--------------------------------------------------------------------------------------------|
| Addition and | Partition to | 11.1 Have a deep understanding of number to 10, | Link a numeral with its cardinal number value, to 5 and beyond. Explore the composition of |
| Subtraction (A) | create | including the composition of each number. | numbers to 10. Automatically recall number bonds for numbers 0–10. |
| | number | 11.3 Automatically recall (without reference to rhymes, | |
| | bonds | counting or other aids) number bonds up to 5 | |
| | | (including subtraction facts) and some number bonds | |
| | | to 10, including double facts. | |
| | Say the | 11.1 Have a deep understanding of number to 10, | Count objects and actions. Subitise. Understand the 'one more than/one less than' |
| | number 1 | including the composition of each number. | relationship between consecutive numbers. Explore the composition of numbers to 10. |
| | more/ less | 11.3 Automatically recall (without reference to rhymes, | Automatically recall number bonds for numbers 0–10. |
| | | counting or other aids) number bonds up to 5 | |
| | | (including subtraction facts) and some number bonds | |
| | | to 10, including double facts. | |

| Comparison and Measures | Comparing weights | None, but the key mathematical topic of measures is covered, as in Development Matters. | Compare length, weight and capacity. |
|----------------------------|----------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------|
| | Measuring weights | 11.1 Have a deep understanding of number to 10, including the composition of each number. 12.1 Verbally count beyond 20, recognising the pattern of the counting system. 12.2 Compare quantities up to 10 in different contexts, recognising when one quantity is greater than, less than or the same as the other quantity. | Count objects. Link a numeral with its cardinal number value, to 5 and beyond. Compare numbers. Compare length, weight and capacity. |

| Short Block | Units | Early Learning Goals | Development Matters statements |
|---------------------------------|---------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Addition and Subtraction (B) | Count on to add | 11.1 Have a deep understanding of number to 10, including the composition of each number. 11.3 Automatically recall (without reference to rhymes, counting or other aids) number bonds up to 5 (including subtraction facts) and some number bonds to 10, including double facts. | Count objects and actions. Subitise. Understand the 'one more than/one less than' relationship between consecutive numbers. Explore the composition of numbers to 10. Automatically recall number bonds for numbers 0–10. |
| | Count back to subtract | 11.1 Have a deep understanding of number to 10, including the composition of each number. 11.3 Automatically recall (without reference to rhymes, counting or other aids) number bonds up to 5 (including subtraction facts) and some number bonds to 10, including double facts. | Count objects and actions. Subitise. Understand the 'one more than/one less than' relationship between consecutive numbers. Explore the composition of numbers to 10. Automatically recall number bonds for numbers 0–10. |

| Shapes | Explore and play | 11.1 Have a deep understanding of number to 10, | Select, rotate and manipulate shapes in order to develop spatial reasoning skills. Compose |
|--------|------------------|-------------------------------------------------|--------------------------------------------------------------------------------------------|
| | with 3-D shapes | including the composition of each number. | and decompose shapes so that children recognise a shape can have other shapes within it, |
| | | | just as numbers can. |

| Short Block | Units | Early Learning Goals | Development Matters statements |
|--------------------|------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------|
| Money and Coins | Coin recognition | 11.1 Have a deep understanding of number to 10, including the composition of each number. 11.3 Automatically recall (without reference to rhymes, counting or other aids) number bonds up to 5 (including subtraction facts) and some number bonds to 10, including double facts. 12.3 Explore and represent patterns within numbers up to 10, including evens and odds, double facts and how quantities can be distributed equally. | Count objects and actions. Link a numeral with its cardinal number value, to 5 and beyond. Compare numbers. Explore the composition of numbers to 10. |
| | Money role play | 11.1 Have a deep understanding of number to 10, including the composition of each number. 11.3 Automatically recall (without reference to rhymes, counting or other aids) number bonds up to 5 (including subtraction facts) and some number bonds to 10, including double facts. 12.1 Verbally count beyond 20, recognising the pattern of the counting system. 12.3 Explore and represent patterns within numbers up to 10, including evens and odds, double facts and how quantities can be distributed equally. | Count objects and actions. Subitise. Link a numeral with its cardinal number value, to 5 and beyond. Compare numbers. |

| Block | Units | Early Learning Goals | Development Matters statements |
|-------------------------|-----------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------|
| Understanding Number | Teen numbers: 10 and some more | 11.1 Have a deep understanding of number to 10, including the composition of each number. 12.1 Verbally count beyond 20, recognising the pattern of the counting system. 12.3 Explore and represent patterns within numbers up to 10, including evens and odds, double facts and how quantities can be distributed equally. | Count objects and actions. Subitise. Link a numeral with its cardinal number value, to 5 and beyond. Compare numbers. |
| | Exploring 100 | Count in 10s from 0 (This outcome is not a HT objective or on NC but is needed for Y1) 12.1 Verbally count beyond 20, recognising the pattern of the counting system. 12.2 Compare quantities up to 10 in different contexts, recognising when one quantity is greater than, less than or the same as the other quantity. | Count objects and actions. Subitise. Link a numeral with its cardinal number value, to 5 and beyond. Compare numbers. |

| Comparing and | Measuring outside | 12.2 Compare quantities up to 10 in different | Compare numbers. Compare length and capacity. |
|---------------|-------------------|--------------------------------------------------|-----------------------------------------------|
| Measuring | | contexts, recognising when one quantity is | |
| | | greater than, less than or the same as the other | |
| | | quantity. | |

| Block | Units | Early Learning Goals | Development Matters statements |

| Addition and Subtraction | Equivalence | 11.1 Have a deep understanding of number to 10, including the composition of each number. 11.3 Automatically recall (without reference to rhymes, counting or other aids) number bonds up to 5 (including subtraction facts) and some number bonds to 10, including double facts. 12.3 Explore and represent patterns within numbers up to 10, including evens and odds, double facts and how quantities can be distributed equally. | Subitise. Link a numeral with its cardinal number value, to 5 and beyond. Explore the composition of numbers to 10. Automatically recall number bonds for numbers 0–10. |
| | Bonds to 10. | 11.1 Have a deep understanding of number to 10, including the composition of each number. 11.3 Automatically recall (without reference to rhymes, counting or other aids) number bonds up to 5 (including subtraction facts) and some number bonds to 10, including double facts. 12.3 Explore and represent patterns within numbers up to 10, including evens and odds, double facts and how quantities can be distributed equally. | Subitise. Link a numeral with its cardinal number value, to 5 and beyond. Explore the composition of numbers to 10. Automatically recall number bonds for numbers 0–10. |

| Shapes and Sorting | Talking about shapes | None, but the key mathematical topic of shape is covered, as in Development Matters. | Select, rotate and manipulate shapes in order to develop spatial reasoning skills. Compose and decompose shapes so that children recognise a shape can have other shapes within it, just as numbers can. |
|-----------------------|-------------------------|---------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| | Sorting | 11.1 Have a deep understanding of number to 10, including the composition of each number. | Count objects. Subitise. Select, rotate and manipulate shapes in order to develop spatial reasoning skills. |

| Block | Units | Early Learning Goals | Development Matters statements |
|-----------------|-----------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Clever Counting | Counting on; 1 more/less | 11.1 Have a deep understanding of number to 10, including the composition of each number. 11.2 Subitise (recognise quantities without counting) up to 5. 11.3 Automatically recall (without reference to rhymes, counting or other aids) number bonds up to 5 (including subtraction facts) and some number bonds to 10, including double facts. | Count objects and actions. Subitise. Understand the 'one more than/one less than' relationship between consecutive numbers. Explore the composition of numbers to 10. Automatically recall number bonds for numbers 0–10. |
| | Clever counting | 11.1 Have a deep understanding of number to 10, including the composition of each number. 12.1 Verbally count beyond 20, recognising the pattern of the counting system. 12.3 Explore and represent patterns within numbers up to 10, including evens and odds, double facts and how quantities can be distributed equally. | Count objects. Subitise. Link the number symbol (numeral) with its cardinal number value. Count beyond ten. Continue, copy and create repeating patterns. |

| Time | Telling the time | 11.1 Have a deep understanding of number to | Count objects and actions. Link a numeral with its cardinal number value, to 5 and beyond. |
|------|------------------|------------------------------------------------|--------------------------------------------------------------------------------------------|
| | | 10, including the composition of each number. | |
| | | 12.1 Verbally count beyond 20, recognising the | |
| | | pattern of the counting system. | |
| | | | |

| Block | Units | Early Learning Goals | Development Matters statements |
|----------|----------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Patterns | Doubling and halving | 11.3 Automatically recall (without reference to rhymes, counting or other aids) number bonds up to 5 (including subtraction facts) and some number bonds to 10, including double facts. 12.3 Explore and represent patterns within numbers up to 10, including evens and odds, double facts and how quantities can be distributed equally. | Count objects. Subitise. Link a numeral with its cardinal number value, to 5 and beyond. Explore the composition of numbers to 10. Automatically recall number bonds for numbers 0–10. |
| | Fractions | 12.3 Explore and represent patterns within numbers up to 10, including evens and odds, double facts and how quantities can be distributed equally. National Curriculum, Y1 Fractions: (i) recognise, find and name a half as one of two equal parts of an object, shape or quantity. (ii) recognise, find and name a quarter as one of four equal parts of an object, shape or quantity. | Count objects. Subitise. Link a numeral with its cardinal number value, to 5 and beyond. Compare capacity. |

| Number Games | Number games | 11.1 Have a deep understanding of number to 10, including the composition of each number. 11.2 Subitise (recognise quantities without counting) up to 5. 12.1 Verbally count beyond 20, recognising the pattern of the counting system. | Count objects and actions. Subitise. Link a numeral with its cardinal number value, to 5 and beyond. Compare numbers. Explore the composition of numbers to 10. |
