Children were invited to make any additional comments...

I like school because I have lots of friends and I have good teachers. I like learning and I feel very safe and I recommend the school to lots of people.

I like this school because there are fun lessons. In Science we sometimes do experiments. There are lots of toys to play with. I like being in a small school because I like quiet places.

Everything is a BIG YES!

I love school

When I said I almost never enjoy learning that is because I want to play my games instead!
