

Ridgmont Lower School History Curriculum

Intent:

Ridgmont Lower School aims to develop historical skills and concepts which are transferable to whatever period of history is being studied and will equip children for future learning. These key historical skills and concepts, which are revisited throughout different units, are: Historical Interpretations; Historical Investigations; Chronological Understanding; Knowledge and Understanding of Events, People and Changes in the Past; Presenting, Organising and Communicating. The coverage of more recent history in KS1 such as 'War & Remembrance' and 'Seaside Holidays' enables children to acquire an understanding of time, events and people in their memory and their parents' and grandparents' memories. For KS1, we have designed a curriculum that can be covered chronologically in reverse to allow a full opportunity for children to really grasp the difficult concept of the passing of time. The intent in lower KS2 is that children can work in chronological order from prehistory, 'Romans' and then progress onto more modern history 'The Windrush Generation'.

Implementation:

- Structure of the lessons allows for prior learning to be considered and opportunities for revision of facts and historical understanding
- Revision is encouraged to embed as good practice in order to build a depth to children's historical understanding
- Through revisiting and consolidating skills, lessons and resources help children build on prior knowledge alongside introducing new skills and challenge.
- The revision and introduction of key vocabulary is built into each lesson. This vocabulary is then included in display materials and additional resources to ensure that children are allowed opportunities to repeat and revise this knowledge.
- Through our teaching, we intend to inspire pupils and practitioners to develop a love of history and see how it has shaped the world they live in

Impact:

Ridgmont Lower School will have historians who:

- enjoy history and historical enquiry
- understand themselves
- learn from the past
- are able to weigh up evidence and form an opinion about events
- are able to gain insight into the chronology of events that have taken place in Britain and the wider world
